MASONRY CONTRACTORS OF NEW JERSEY, New Jersey Chapter I.C.E., is a not-for-profit Trade Association formed in 1992 by New Jersey's leading union masonry contractors, suppliers, and manufacturers to address the continuing concerns about the future of our industry.

We've experienced significant growth since our formation and added design professionals to our membership roster, which now stands over 150 members strong. We are well established as a premier industry Trade Association with local and national recognition. Our members are kept up to date with the latest technological innovations, political happenings, OSHA regulations, and other industry information.

The Association remains dedicated to representing the interests of our members and promoting the advantages of masonry design and union construction.

With over forty (40) years of experience in the masonry industry, Krando Metal Products, Inc. has been recognized as one of the premier stone anchors and flashing manufacturers in the US! We here at Krando Metal pride ourselves on providing high quality goods and services in a timely manner while always remembering that cost is important. In today's world we all know that material pricing is on the rise. That is why we always look at what we can do better and more efficiently so we can save our customers time and money!

In an effort to stay ahead of the curve, we are always looking for new and innovative machines, technology and training to better serve you. With our recent purchase of another laser cutting machine as well as another waterjet cutting machine, we can now offer even more production and faster lead times than what we were able to offer before.

We look forward to hearing from you and are eager to show you how Krando Metal Products can assist you in your next project.
